

SEL Tiger Azure
Azure is 'AZ' Sure

Featuring advanced technology and a distinctive blue hue, SEL Tiger Azure promises exceptional strength and endurance. The commitment to meticulous engineering and cutting-edge design makes it an ideal choice for robust construction plans.

Galvalume Wider Coil

SEL Tiger Alfa
Born to Lead

With advanced coatings for all-weather protection, Alfa sheets are engineered for offering unmatched performance for affordable roofing solutions.

Galvalume Corrugated Sheets

Shyam Metals has a history intertwined with stories of efforts, achievements, business acumen, growth and committed employees.

ABOUT US

Unleashing the Strength of Steel, Powered by the Tiger

As one of India's leading fully integrated steel producers, Shyam Metalics with its signature offering under brand umbrella of "S-E-L Tiger." is known for unmatched strength, precision and resilience. With an installed capacity of 13.50 MTPA and seven advanced plants, Shyam Metalics dominates the steel industry from ore to metal, controlling every step to ensure premium quality and cost efficiency.

At the heart of its operations are integrated manufacturing plants, efficient production systems and captive power plants, enabling quick adaptation to market shifts while maintaining consistent excellence. Just like a tiger, we move swiftly, strategically and with unbeatable power, setting new benchmarks in the steel industry.

Introducing Our New Flat Steel Range - Color Coated & Galvanized Sheets

We're proud to roar into the market with our latest innovation—high-end Color Coated and Alu-Zinc Coated Sheets. Designed with advanced coating technology, these sheets are engineered for maximum corrosion resistance, vibrant finishes, and unmatched durability.

Strategic Location Advantage - Efficiency Redefined

Our strategically located plants near raw material sources ensure faster production, optimized supply chains, committed to deliver premium steel solutions at competitive prices with lower lead times, directly benefiting your projects.

Unmatched Warranty - Confidence in Every Coil

We guarantee quality, backed by an industry-leading warranty that reflects our confidence in the superior performance of our flat steel products. With the strength of the "Tiger," our products excel under pressure—just like us.

Doubling Capacity - The Future is Now

Leading the way, we're gearing up to doubling our production capacity in phase II to become more efficient, powerful, and prepared for rising market demands. This expansion will enhance our ability to deliver faster service and greater value to you.

WHY CHOOSE US?

- **Unmatched Strength:** Backed by the power of "S-E-L Tiger", we deliver products with superior strength and resilience.
- **Industry-Leading Technology:** Our galvanizing and coating processes ensure longer-lasting, high-performance steel.
- **Strategic Supply Chain:** Faster production and delivery with plants near raw material hubs.
- **Proven Leadership:** Over 13.50 MTPA installed capacity, consistent profitability and a track record of excellence.

Experience the Roar of Steel Excellence Today. Stronger, more resilient, and built to last—our Color Coated and Galvanized Sheets are your ultimate steel solution. Don't just settle for less; choose the strength of the Tiger.

Thickness	0.25 - 1.5	0.3 - 2	
Width	Upto 1500 mm	Upto 1500 mm	

With 3 coat and 3 bake system suitable for all high end applications

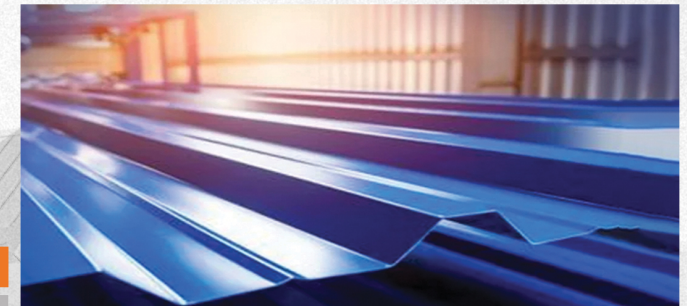

SEL TIGER A new standard in flat products

Masterclass when it comes to surface quality, mechanical properties and geometrical tolerances.

SEL Tiger Royale
Elegance that Endures

Experience regal elegance and superior weatherability with steel crafted for lasting quality. Our unique warranty covers paint durability, ensuring lasting strength and protection that goes beyond expectations.

Super Premium Color Coated Sheets

SEL Tiger Elite
Built to Last

Quality, durability, and value harmoniously come together. Superior protection against the elements to ensure that we surpass your expectations.
